AEgis Technical Support Services, Inc.

COMPANY OVERVIEW

AEgis Technical Support Services, Inc. (ATSS) is a wholly-owned subsidiary of the AEGIS Technologies Group, Inc. AEGIS Technologies Group, Inc. herein after referred to as AEGIS, an award winning small business specializing in systems engineering, technical analysis, simulation development and integration, simulation R&D, and software design/development. AEGIS is honored to have been recognized three successive times by INC Magazine's "INC 500" list of the fastest growing privately held companies in America.

In 2004, AEGIS formed a separate subsidiary company, AEGIS Technical Support Services (ATSS), Inc., incorporated in the state of Alabama to continue tasks associated with PM ITTS activities as well as to provide government SETA specific services. The corporate management includes Mr. Ross Hempstead, President and Mr. Jim Hutson, Vice President of Technology.

The ATSS team has been a significant engineering services support contractor for PM ITTS. Since May 1997 it has executed a continuous, unbroken series of PM ITTS task orders under a variety of vehicles. Our team has been steadfast in supporting development of instrumentation and test systems enabling soldiers to accomplish their test, training, and ultimately, warfighting mission. Support to PM ITTS systems include: 1) Embedded Instrumentation; 2) Range Digital Transmission System (RDTS); 3) Contamination Avoidance Detection Test Suite (CADTS); 4) Operational Test – Test Engagement System; 5) Central Test and Evaluation Investment Programs (CTEIP) including TENA and Foundation Initiative 2010; 6) Test & Training Integration (currently unfunded); 7) Advanced Multi-Spectral Sensor Test Capabilities (AMSSTC); and 8) OTC Analytic Simulation and Instrumentation / Synthetic Environment Laboratory (OASIS / SEL).

The strategic direction of ATSS, Inc. in the future remains the singular focus of becoming one of the world leaders in modeling and simulation. For the past eight years, ATSS, Inc. personnel have been creating innovative solutions to problems requiring specialized knowledge. We have significant expertise in Engineering Services, Chem Bio Defense Technology, Sensor Technology, Test Instrumentation Optics/Communication, Software Development, Systems Engineering, Systems Analysis, Test and Evaluation, and Information Technology. ATSS, Inc. management and staff are committed to tailoring our services and products to the needs of the customer to ensure our customers' success.

We Exceed the Customer's Objectives!

ATSS, Inc.

13501 Ingenuity Drive, Suite 146 Orlando, FL 32826 • Phone: (407) 277-4280 • Fax: (407) 282-5728 • www.AegisTSS.com

Mission: ATSS continually strives to excel as a leading and innovative worldwide provider of professional and technical services. We seamlessly integrate solutions for customer results.

Vision: Our vision is to provide value-based, cost-effective, superior technology support services and scientific research to worldwide private and public markets. Our passion is helping organizations achieve their vision and assisting in their success. ATSS seeks to blend seamlessly within the customer's organizations, embracing the customer's goals as our own, and performing as a skills multiplier not only achieving, but exceeding the customer's objectives.

ATSS can provide both on-site and off-site support and we can say with pride that all our team members are recognized high achievers and provide a 110+% performance for our customers. ATSS, Inc. is located in Orlando, FL, with an additional office at Fort Hood, TX. We enjoy a repeat business and employee retention rate of 100%.

Core Proficiencies

The ATSS Team has a combined over **150** years experience in the following areas:

- Acquisition A - Z
- Technical/programmatic support on DOD programs
- Technical/programmatic industry programs
- Requirements definition
- Technical/project/fiscal management services
- Product performance specifications
- Requirements traceability matrices

We are equipped with all the resources, facilities, and administrative support structures necessary to ensure high quality engineering services and products are provided to our customers. Additional details on our facility as well as our mother company, The AEGIS Technologies Group, Inc. can be provided upon request. ATSS, Inc. currently has approximately 900 sq ft of office, and use of conference and laboratory space at AEGIS also located in Orlando's UCF Research Park. Our facilities are available for Government use.

ATSS FOCUS AREAS

- | | |
|--|-------------------------------------|
| ■ Chemical/Biological Detection Technology | ■ Operational Requirements Analysis |
| ■ Sensor Systems | ■ Quality Management |
| ■ Test and Evaluation | ■ System Integration |
| ■ Test Instrumentation Systems | ■ Modeling and Simulation |
| ■ Training | ■ Optics/Communications |

ATSS CAPABILITIES

ATSS SCIENCE CAPABILITES

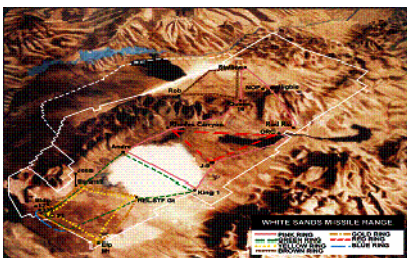

- Biochemistry**
- Materials Science**
- Chemical Physics**
- Physics of Fluids**
- Energy Sciences**
- Software Development**
- Fine Particle Physics**
- Ultrasonics**
- Laser Light Scattering**

ATSS ENGINEERING CAPABILITES

- Communications**
- Infrared Direct View and Imaging**
- Data Systems**
- Optics and Imagery**
- Data link Standards**
- Software Engineering**
- Digital Video Systems**
- Systems Engineering**
- Directed Energy Weapons**
- Trade-off Analyses**
- Hardened Subminiature Telemetry**
- Vibration Measurement and Control**
- High Energy Lasers**
- VV&A**
- High Power Microwave**

ATSS TEST & EVALUATIONCAPABILITES

- Microwave Communication Systems**
- Chem Bio Detectors**
- mm Target and Terrain Signature Collection Instrumentation**
- Combat Vehicle**
- Mobile/Fixed IR Resistive Array Projection Systems**
- Combined Arms Testing**
- Motion Sensors**
- Distributed Mission Operations**
- Networks**
- Distributed Simulation**
- Spectrum Efficient Technologies for T&E**
- Directed Energy Weapons**
- Telecommunications Data Transport**
- Joint Common Missile**
- Weapons System Development**
- Integration of Test and Training Resources**
- Live/Virtual/Constructive Integrating Architecture**

ATSS FACT SHEET

ATSS, Inc.
13501 Ingenuity Drive, Suite 146
Orlando, FL 32826

Phone Number: 407-277-4280 * **Fax Number:** 407-282-5728

Point of Contact(s):

Mr. Ross Hempstead, President – rhempstead@aegistss.com
Jim Hutson, Vice President of Technology – jhutson@aegistss.com

Business Size: 15 employees (2 administrative, 2 management; 11 technical, 0 manufacturing.);

SIC/NAICS Codes:

8711/54133 – Engineering Services
8721/541219 – Accounting, Auditing, and Bookkeeping Services
8731/54171 – Commercial Physical and Biological Research
8733/54171 – Noncommercial Research Organizations
8734/54138 – Testing Laboratories
8741/56111 – Management Services
8742/541611 – Management Consulting Services
8744/56121 – Facilities Support Management Services
8748/54169, 54133, 541618 – Business Consulting Services, Not Elsewhere Classified
